1. BIS List of EAR99 Medical Devices.

Exporter Guidance: The items listed below have been classified as EAR99. One-year specific license applications must be submitted to OFAC for export or reexport to Iran or specified areas of Sudan. This webpage with your product clearly shown in the list can be submitted with your OFAC license as the BIS CCAT.

Medical Equipment and Supplies

Bottles (prescription)

Capnograph

CPAP (continuous positive airway pressure) systems and all components

Medical Flowmeters, oxygen & air

Humidifiers

Manikin, medical training other than CPR (see OFAC list of Basic medical Supplies for CPR manikins)

Medical Pumps other than peristaltic pumps (see OFAC list of Basic Medical Supplies for specific peristaltic pumps)

Ventilator, adult (see OFAC list of Basic Medical Supplies for tubing)

Oxygen apparatus, all

Pulse oximeter

Refrigerator, compartmental for morgues

Spirometer

Tents, pediatric, aerosol, & mist

Anaesthesiology

Apparel

Cardiology

Ablation devices and accessories, radio frequency

Balloon (extractor, retrieval)

Cardiac pacemaker

Cardiac programmer

Cardiac monitors, implantable or external

Cardiopulmonary oxygenation systems, devices, and monitors

Coagulation machines

Heart positioners, surgical revascularization

Heart valves, surgical, transcatheter (non-surgical)

Inflation devices, interventional

Filters, arterial

Grafts, peripheral bypass

Dental Equipment and Supplies

Bone graft matrix Dentures, crowns, molds, orthodontics, all

Gynecology & Urology

Extracorporeal Lithotripter

Laboratory

Autoclaves with chamber sizes greater than or equal to 0.3 cu ft.; for medical instrument sterilization and accessories (see OFAC list of basic medical supplies for chambers less than 0.3 cu ft)

Flow cytometry accessories, reagents and components

Nephrology

Neurology

Neurostimulator, implantable

Obstetrics and Maternity Care

Neonatal equipment (phototherapy, nasal CPAP, etc and all components) Incubator /Isolette

Ventilator, infant/pediatric (see OFAC list of Basic Medical Supplies for tubing) Infant Radiant Warmer and parts and accessories

Ophthalmology and Optometry

Phoropter

Tonometer

Otology and Neurotology

Hearing Aids, accessories and components

Physical and Occupational Therapy

Bath cubes, therapy

Boots, mitts, and liners for therapeutic pain relief (see OFAC list of Basic Medical Supplies for Orthopedic shoes, boots, etc)

Radiology

Medical/dental film Computed Tomography Scanners (CT, MDCT) Positron Emission Tomography (PET)

Scintillation Camera/Anger camera for medical imaging

Magnetic Resonance Imaging (MRI) machines

X-ray machines

Parts and accessories for medical imaging devices above that do not contain nuclear or chemical components.

Sterilization

Surgery

Cervical fusion kit Image- guiding surgery products, ear, nose and throat Orthopedic plates/screws, fixators, implants, cement Surgical shunts Tissue Stabilizer, surgical revascularization
